

Courses at the First Tee

Course distances are from the **AMATEUR** tees. The USGA/RCGA "**Slope Rating**" is a number ranging from 55 - 155 that represents the difficulty of a course for bogey golfers relative to the USGA/RCGA Course Rating, which represents the difficulty for scratch golfers. **The higher the slope, the more difficult the course for bogey golfers.** The "Difficulty Rating" (2/5, 3/5, 4/5, 5/5) is given to each course by the simulator company FULL SWING GOLF.
